

CORPORATE RETREATS | CONNEMARA

Accommodation | Food | Team-Building Adventure

2025

Each of our packages offers everything you need for a team getaway that's not only effective but unforgettable. Nestled in the heart of Connemara, this stunning location is the ideal escape for teams looking to recharge, refocus, and reconnect.

With exclusive lodge rental, your team can enjoy complete privacy across 10 en-suite bedrooms and tailored catering from the renowned Misunderstood Heron. Our meeting spaces provide a professional setting for productivity, while the surrounding landscapes create the perfect backdrop for unwinding and re-energising outside of the work environment.

As part of our commitment as a certified B Corporation, each package includes the option of a complimentary sustainability experience. Your team can take part in a Tree-Planting Session (season-dependent) or enjoy an engaging introduction to the environmental work we're doing here at Killary. It's a thoughtful way to add purpose to your time away.

Killary Lodge is the perfect spot for a corporate getaway that blends work, relaxation, and purpose – all set in one of Ireland's most stunning locations. Read on to explore our **all-inclusive packages**, each named after the native Irish trees surrounding the lodge and thoughtfully curated to recharge your team.

All packages can be tailored to meet your specific needs, so don't hesitate to get in touch with us to create the perfect retreat for your team.

Certified

Corporation

KILLARY
CORPORATE

THE
KILLARY
LODGE

Killary Lodge, part of Killary Adventure Company, is proudly B Corporation certified, reflecting its commitment to high standards of social and environmental performance, accountability, and transparency.

Sustainability Initiatives

In 2024, we installed an 8kW solar panel system, significantly reducing reliance on non-renewable energy. Our Harp Renewable electric food composter, also installed in 2024, manages all food waste on-site. The compost supports a tree-planting initiative around the Killary estate, enhancing the local ecosystem and contributing to carbon sequestration.

Energy Efficiency

We employ low-energy lighting, eco-friendly heating systems, and water-efficient fixtures. Advanced software helps us monitor and optimize electricity usage.

Community Engagement

Killary Adventure Company as a whole is committed to community engagement. In 2018, we built a 2km walking path near the Lodge, promoting outdoor activity and well-being. We also support the Leenane community playground with funding and work hours.

Future Plans

We plan to implement a hydro power system to further reduce our carbon footprint and have established a Green Fund to explore new sustainable technologies annually.

These efforts are part of Killary Adventure Company's broader sustainability plan, aiming to lead in environmental stewardship and community engagement. For more details, click the button below or visit www.killaryadventure.com/en/environment
